# Brazilian Agate

This is one of the most beautiful minerals on earth. The rough contour of the outside of the rock is a contrast to the beauty within. The finish has been hand ground and polished in Brazil. It took about 80 million years to form. Each and every piece is an original. Some pieces have geode openings of sparkling crystal.

**Agate Lamps**  
(Includes cord and bulb)

| Package Quantity | Price   | Suggested Retail |
